FOOD TREATMENT

Old Stomachs Made Over.

Improper medicine knocks out as many stomachs as bad food, but proper food will nearly always restore the health that nature intended.

"I suffered with chronic constipation for a long time and two years ago became an invalid, being unable to retain anything on my stomach," says Mrs. F. M. Buss, of Millersburg, Ky.

Physicians pronounced it catarrh of the stomach and bowels. In fact, the entire Rev. W. Hackman, St. Joseph, Mo.; Rev. alimentary canal was involved, caused, Jacob Nuesch, Keokuk; Rev. J. Pister, Cinthey said, by continued use of purgatives. For several weeks I could not retain more | was delivered to-night by Rev. F. Reller, than a teaspoonful of any kind of fluid at of Evansville. any time, and at this stage of my illness a friend suggested that I try Grape-Nuts. I commenced by taking only a teaspoonful at a time of the water poured while boiling over two teaspoonfuls of the Grape-Nuts. In five days I was able to digest a Maj Jefferson R. Kean, of the medical deteaspoonful of the Grape-Nuts themselves, partment, and Capt. Herbert J. Slocum, of and in less than a month could digest an the quartermaster's department, who comordinary meal. SOLTAU-WRICHT.

The Grace Mission Church was the scene of a pretty wedding last night. The bride was Miss Lola Grace Wright, daughter of Mrs. Jessie Shreve Wright, and the bridegroom was Mr. Edward B. Soltau. Miss Flora Kramer played the wedding music, rendering the wedding march from Mendelssohn for the entrance of the bridal party. The ushers entered first, coming down the two aisles of the church in the follows ing order: Mr. Harry Kramer, jr., John Soltau, Mr. Roy Wright, Mr. Chester Martin, Mr. P. G. Soltau and Mr. Golding. The two matrons of honor, Mrs. William D. Shreve and Mrs. Olive Bledsoe, entered next, and following came the bridesmaid, Miss Madge Martin, of Edinburg, and the groomsman Mr. Arthur Egless. The bride and bridegroom entered the church by the opposite aisles-the bride with her uncle, Mr. William D. Shreve, and Mr. Soltau with his best man, Mr. William Soltau. The bridal procession met at the altar and the ceremony was pronounced by the Rev. G. H Kimmel, while the music was changed to "Hearts and Flowers." The bride wore a sheered princess gown of silk muslin, with a taffeta sash. She carried a bouquet of Bride roses, with streamers of smilax. Mrs. Shreve wore her wedding gown of white batiste and carried pink roses. Mrs. Bledsoe was gowned in pale green batiste and carried pink roses also. Miss Martin wore 48 Camp Stools, made of heavy duck, 10c | Carried pink roses and daintily fashioned, and carried an arm bouquet of pink Ironing Board and Stand, "The 49c | carnations. The church was decorated with palms and ferns for the occasion. After the service a reception for the bridal party and relatives was held at the family home on Hamilton avenue. The several rooms were thickly hung with Virginia creeper and decorated with ferns and pink carnations. The dining room was also in pink and green and the table was strewn Hayes. The dinner was served on the roof. with pink carnations and held the wedding cake, which was cut by the bride. The lawn was gay with Japanese lanterns and seats. Assisting in the hospitalities were Mr. and Mrs. Joseph Wheatley, Mrs. Frank Martin of Edinburg, Miss Ethel and Miss Josephine Vance of Danville, Ill., and Miss Annie and Miss Minnie Sanders. Mr. and Mrs. Soltau will leave this morning for a they will live at No. 351 Hamilton avenue, where they will be at home after Sept. 15.

MANY CINCINNATI ARCHITECTS PAY THE CITY A VISIT.

Entertained at Dinner by Dr. Franklin W. Hays-Expressions Secured from Hotel Guests.

Members of Cincinnati Chapter, American Institute of Architects, took lunch at the Hotel English yesterday and dinner at the Columbia Club last evening. The architects came to Indianapolis on the invitation of William F. Behrens, of Cincinnati, who had charge of the work of decorating the interior of the Columbia Club and who has been awarded the contract for decorating the new Claypool Hotel. The members of the chapter who were here were H. E. Kennedy, George W. Rapp, Joseph G. Steinkamp, J. H. Shaffer, William Griffith, Edwin Ringold, Gustave Drach, Ben T. Hazen, L. Fich, William Harders, John Luebers, Joseph C. Stein, Louis G. Dittoe, James W. McLaughlin, Fred Wilhelm, H. Feltman, William F. Behrens and Lawson Moores. A local committee of architects consisting of Herbert W. Foltz, O. D. Bohlen and C. A. Walling-W. Foltz, O. D. Bohlen and C. A. Walling- Colonial Hotel. At the English Spees has ford, assisted in entertaining the guests. been filling the duties of cashier. The architects had intended returning to Cincinnati on a late afternoon train, but remained for dinner at the Columbia Club on the invitation of Dr. Franklin W. After lunch in the afternoon the visitors were taken for a drive about the city. The new Claypool Hotel was one of the special points of interest visited. The architects were well pleased with the building, and one of the visitors, commenting on the decorative plans of Mr. Behrens, declared that if his scheme was carried out the hotel when completed will be the finest west short trip to Wawassee. On their return of New York city. After driving over the city awhile the visitors were taken out to the Canoe Club. "We are all very much delighted with Indianapolis," said Gustave Drach, president of the chapter, last night. "The city has some good buildings and everything indicates that it is a city of

QUICK DELIVERY OF LETTERS.

Proud-Sites for Federal Buildings. "We hold the record in Indiana for the quick delivery of special delivery letters," remarked Postmaster Grimes, of Anderson, at the Denison hotel last night. "I think I can say that within two minutes after a special delivery letter has been received at our office it is on its way to its address.' Postmaster Grimes and Col. W. W. Huffman came here yesterday with John W. Parsons, of Washington, who is chief of the division of accounts in the office of the supervising architect. Mr. Parsons has come to Indiana to locate sites for eight federal buildings that are to be erected under the new public building act. Anderson, Muncie, Richmond, Logansport, Crawfordsville, Hammond, Vincennes and Elkhart are to have new buildings under this act. Mr. Parsons has practically completed his work at Anderson, Muncie and Richmond, but is not prepared to announce what sites will be chosen. He will lay the situation before considerable difference of opinion as to the Denison last night Mr. Parsons was talking of the difficulties of selecting a site in these Indiana cities. "One of the chief difficulties," he said, "is that the squares in these too small for a federal building and a whole | when he went to his wife's house after block would be too large. The buildings | their separation his grown son drove him are to be about 80x125 feet in dimensions, away. with room to put on an addition of thirty feet whenever it is required. The government wants sites that are 160x170 feet approximately. Now, when one considers that forty feet is necessary in the way of

fire limit and the building is to be 80x125 feet, with an allowance for an addition of thirty feet as future growth of business demands, it may readily be seen what a problem confronts us." It is understood that Indiana is the banner State in the way of receiving favors under this new public building act, as there are to be two public buildings in one district. This is the Eighth district, represented by George W. Cromer, and Anderson and Muncie are the cities that will get the buildings. The one at Anderson is to ings in Indiana will cost in the neighborhood of this amount. The Anderson postoffice since the 1st of July has been a firstclass office. Postmaster Grimes is quite proud of this fact since the honor has come to the office under his administration. The receipts of his office last year were something over \$40,000. He attributes the increase in business largely to the advertising being done by Anderson manufacturers, which necessitates their using the mails. It is the custom of Mr. Parsons to spend some time in each city looking at the different sites suggested and getting the views

of representative citizens. INSPECTS FEDERAL BUILDINGS.

W. Haverstick, Now in the City, the Judge of What Is Needed.

The United States government is distinctly a tidy housekeeper. No careful housewife can keep her premises in cleaner and neater condition than the occupant of each federal building in the country is expected to keep his office. Of course, they do not all observe the rule. and where they do not an inspector for the Treasury Department gets after them. W. Haverstick, of Washington, D. C., general inspector of supplies for the Treasury Department, who is at the Denison, has as part of his duties the task of seeing that federal buildings are kept clean. He is not here on any special mission, but may take a look at the federal building while here. If a new carpet or an article of furniture is needed, Haverstick has to investigate and see whether these things are a necessity. He is the judge as to whether a carpet is worn enough to be replaced by a new one. He also looks after the sanitary condition of buildings.

INJURED IN XENIA WRECK.

W. G. Forsythe, a Postal Clerk, Still in Bad Shape.

W. G. Forsythe, one of the postal clerks injured in the wreck near Xenia, O., some time ago, appeared here yesterday for the first time since the wreck. He has been laid up at Xenia, where he was taken after the wreck. Forsythe in addition to receiving serious injuries is still suffering from the shock of the accident and is unable to sleep as he should. He expects to go north in a day or two in the hope of receiving some benefit by a change of climate. In ceived a severe wrench in his side. In trying to get out he found that his foot was shoe. He was severely burned about the face, neck and arms. He hopes with suffi-

Dinner at the Denison. Members of the Alexandria City Council

and their friends were entertained at the

Denison at dinner last night by the Union

Traction Company of Indiana. The party came over in the afternoon in one of the company's cars. John Owen, of the traction company, was master of ceremonies. Capt. J. F. Elliott in Town. Capt. J. F. Elliott, of Kokomo, Repub-

lican candidate for judge of the judicial circuit consisting of Howard and Tipton counties, was here yesterday. He says there is no disaffection among the Republicans in either county. Hamilton County Conditions.

Will H. Craig, of Noblesville, editor of to be a little indignant at Indianapolis on however, claims the victory. The Ranger is account of the tax that is being levied in the bay.

HOTEL LOBBY GLEANINGS against the interurban companies. They contend that the patrons of the lines will have to pay the tax in the end. "We are calling Indianapolis the Holy of Holies, the 'Sacred City,' where all ruralites have to pay tribute to enter its gates," said Craig. He says that Hamilton county people are now talking prosperity and that the farmers are busy making ladders with which to gather their own corn crops. "Had it not been for the storm," said he, "all the mortgages would have been wiped off our books this fall. If every county in Indiana would make such a record of debt paying as Hamilton it would clear the farms of the State of nearly fifteen million

Frederick Landis in Town.

Frederick Landis, of Logansport, the Republican nominee for Congress in the Eleventh district, was in town for a short time yesterday. He is spending the sum mer at Lake Maxinkuckee. Mr. Landis will probably be at Marion on Sept. 20, to assist in opening the campaign. General Grosvenor, of Ohio, is to be there on that date and make the principal speech.

Madison's Mayor-Elect.

John G. Moore, mayor-elect of Madison, was in town last night. When he takes office the 1st of September he will be the first Republican mayor who has been at the head of the city for eight years. Mr. Moore is a good campaigner and a very popular man in his locality. He held county office for eight years.

Goes to Cleveland, O.

REBEL LEADERS SHOT.

Three Prominent Officers Executed by the Colombian Government.

PANAMA, Aug. 8 .- The revolutionary generals, Antonio Suarez Lacroi and Juan Vidal and Colonel Julian Lecama, who were sentenced to death by a court-martial composed of government representatives have been shot at Barrigona camp, which is situated between Honda and Amblema, on the Magdalena river. Other revolutionists were condemned by the same court to various terms of imprisonment, the longest of which is twenty-five years. Antonio Suarez Lacroi belonged to one of the oldest and richest families of Colombia. He was a born fighter, and during the Cuban revolution he fought for two weeks with General Maximo Gomez. Before he was shot he said: "Four individuals from Bogota are responsible for the sacrifice of our lives and perhaps for those of many others.' In a letter written to the United States four days before his death and before he was captured by government forces Gen-eral La Croi said he would not surrender because of the admirable position of the

Rebel Warship in the Bay.

STRIKE DECLARED OFF

STREET-RAILWAY EMPLOYES OF THREE STATES AT WORK AGAIN.

Discharged Employes Left to an Arbitration Board.

HUNTINGTON, W. Va., Aug. 5.-The Camden Interstate street railway strike, which has been on since Sunday last, was declared off to-day and all the cars on the Ohio, Kentucky and West Virginia divisions are being operated to-night on schedule time by union crews.

At a conference here to-day between President Graham, of the Camden Company, and members of the national executive board of street railway employes the strike was satisfactorily adjusted, the company agreeing to recognize the union and restore all men discharged without cause to their former places. The restoration of men discharged for cause is to be left for arbitration, the Governor, one member of the Supreme Court and another to be se-

lected to be the arbitrators. The settlement was reached during the trial before Judge Lallace, of the Police Court, of two nonunion men arrested for carrying concealed weapons. Col. Z. T. Vinson, of the Camden Company, was present to defend them. While the trial was proceeding Colonel Vinson asked the judge if he would stop the trial for a moment and grant a private conversation between the union officers and officials of the company, who were in the courtroom. The judge consented, and after a conference lasting an hour the judge announced that the trial would not proceed further and ordered both prisoners released, stating that both sides had reached a satisfactory agreement and that the strike was declared off. All the men on the various divisions ratified the agreement later and traffic on all the lines was resumed this evening. There was no violence of a serious nature on any of the lines to-day.

P. M. ARTHUR SUMMONED.

Engineers of the Manhattan Elevated Railway Threaten to Strike. NEW YORK, Aug. 5 .- Vice President

Skitt, of the Manhattan Elevated Railway, to-day gave to a committee representing the 500 engineers and motormen of the road a refusal of their request made two weeks ago for a nine-hour day and other concessions. When the company's reply became known among the men there was immediate talk of a strike. The committee after leaving Mr. Skitt's office went at once to a telegraph office and sent the following message to P. M. Arthur, grand master of the Brotherhood of Locomotive Engineers, at Cleveland. "Come at once Everything refused.

Chief Jenks, of Division 105 of the brotherhood, says of the grievances: "Since the introduction of motor cars into the service we have been compelled to make six round trips daily between One-hundred-and-twenty-ninth and South Ferry, consuming ten hours and traveling on the average 108 miles a day. On the engines we never made more than five trips, and four and a | the people along the road to own the railhalf was the usual number. The company claims that the motor cars being faster. we should be able to make the additiona trip. They also say that the strain on us in running the electric trains is less. The first statement may be true, but the second is not. We are under just as great a strain as we were on the engines. We are willing to make five trips a day in nine hours and no more. We also went a relay system that will give each man a chance to get a bite to eat and a few minutes to himself at the end of each run." Grand Master Arthur is

expected to arrive to-morrow or Thursday. General Labor News.

The Teamsters' National Union, in convention at Joliet, Ill., yesterday adopted resolutions of moral and financial support for the striking miners in the East and condemned Judges Jackson and Keller for issuing injunction writs.

At the general offices of the Santa Fe Railway yesterday it was announced that the strike of boiler makers at San Bernardino and the Needles, Cal., which had been on since May 28, has been settled. Both sides made concessions. The men will receive 39 cents an hour.

The machinists of the Allis-Chalmers Company, at Chicago, who were on strike for the greater part of a year and returned to work June 13, are out again. The trouble originated through the determination of the union men to force all the nonunion men from the shop. There are sixteen of these, all high-grade machinistes.

The first acts of violence in connection with the strike of the velvet weavers employed at the Cheney Bros.' mill, at South Manchester, Conn., took place yesterday. Henry Leister, a nonunion man, accompanied by a guard consisting of four members of the firm, while on his way to work was attacked by one of the strikers. He was knocked down by a large stone and is reported to have been severely injured. Striking blacksmiths and their helpers who threatened to tie up work at the Pullman Ill., car shops, decided yesterday to return to work for ten days, pending the settlement of their grievances by arbitration. The officials of the company promised that their difficulties should be overcome, Should the company's proposals not be satisfactory the men say 6,000 workmen will go out.

RATES CUT FOR FARMERS.

Further Concessions by J. J. Hill to Northwestern Wheat Growers.

SPOKANE, Wash, Aug. 5 .- The second freight rate conference between the railand the farmers was held to-day. In a your eyes to the East for new markets. help you here. Let the people and the railroads be good neighbors and fair to each dress?

other. I would like nothing better than for roads themselves. There is no reason why they should not." President Moehler, of the Oregon Rail-

way Navigation Company, announced this afternoon that the roads on or before Aug. 5 would give a 10 per cent, reduction on wheat shipments to the Pacific coast. President Mellen announced that a 10 per cent. reduction would be given on wheat shipments to the East. President Hill said this would cut off one-fourth of the entire profits of the railways. The farmers of the Palouse country asked

from 12% cents per bushel to 10 cents, or \$3.33 per ton. SALT LAKE DRYING UP.

Water Has Fallen Six Feet Since 1894

SALT LAKE, Utah, Aug. 5 .- Great Salt Lake, which for several years has been slowly but steadily receding, has, according to Director Murdock, of the United States Weather Bureau, now reached the lowest level recorded since observations have been taken by the department. Up to Aug. 1 the lowest mark ever recorded was on July 11. Since that time the lake has receded four inches. The fall of the water since 1894 amounts to nearly six feet, and on the low, flat eastern' shore this has resulted in a recession of the water line during that time of fully three-quarters of a mile. Speaking of this phenomenon, Director Murdock says: "Utah has been in a dry cycle for seventeen or eighteen years. In this period the precipitation has been much below the average. Precipitation sometimes moves in cycles of this kind, and a prolonged period of increased precipitation is nearly due. But it will take several wet years to bring the lake back to its former level.

BITTEN BY A SNAKE IN BED.

Mrs. Keefe's Foot Struck by a Copperhead, Which She Later Killed.

CARBONDALE, Ill., Aug. 5 .- A snake crawled into the bed occupied by Mr. and Mrs. N. J. Keefe at their home in Murphysboro yesterday. Mrs. Keefe awoke about 4 o'clock and feeling something cold near her feet moved one of them toward the foot of the bed. Just then she thought she struck a hat pin and her screams aroused her husband. When a light was brought a copperhead snake was found way presidents, Hill, Mellen and Moehler, crawling over the bed covers toward the woman's head. Mrs. Keefe leaped from the bed and Keefe grabbed a broom. After speech President Hill said: "I don't know making several unsuccessful attempts to what you are going to do unless you turn | kill the snake with the broom Mrs. Keefe dispatched the reptile with a poker. She s very weak and her ankle is badly
